## 4<sup>th</sup> Entrepreneurial Skill Development Programme (ESDP) at CIT Kokrajhar

19<sup>th</sup> August to 23<sup>rd</sup> August, 2019

### Rationale of the Programme :

The development path in the life of a youth can be marked as landmarks with effective grooming, counseling and mentoring. It is important to arm youths with a critical lens that help them reflect on their own thinking, refine their learning and give them new perspectives on existing issues. In the present scenario knowledge based society, entrepreneurship accounts for 70 percent of new Jobs, and has thus, become a significant phenomenon of 21<sup>st</sup> century. However, while the present times showcase exciting entrepreneurial opportunities, they are also laden with challenges and demand certain unique competencies, knowledge and skills to spot these opportunities. It, therefore, becomes mandatory for entrepreneurship education to adopt contemporary and innovative methods of imparting training in entrepreneurial Skills. A cadre of trained entrepreneurial skills can ensure enviable results by imparting the right kind of knowledge, skills and attitude to gain job creator instead of job seeker.

## Objectives of the Programme:

Skill India is an initiative of the Government of India which has been launched to empower the youth of the country with skill sets which make them more employable and more productive in their work environment. India is a country with 65% of its youth in the working age group. If there is any way to reap this demographic advantage, it has to be through skill development of the youth so that they add not only to their personal growth, but to the country's economic growth as well. The success of a nation always depends on the success of its youth and Skill India is certain to bring a lot of advantage and opportunities for these young Indians. As a part of achieving this purpose of the Nation, the CIT Kokrajhar has successfully conducted three numbers ESDP in the month of January, 2017, July, 2017 and April, 2018 with 90 number of participants across India. Hence, it is the fourth step that keeping in priority of this purpose of Skill India, the Institute is going to organize the 4<sup>th</sup> ESDP from 19<sup>th</sup> August to 23<sup>rd</sup> August, 2019 to bring the startup culture among the Indian youth. That is why, the proposed programme will train and develop youth in the entrepreneurial skill so that they can take up entrepreneurship as a career.

## Pedagogical Tools and Methodology:

- ❖ To impart the inputs detailed in the programme structure, the following instructional methods will be adopted:
  - ✓ Lecture cum discussion, case studies, role-plays and simulation exercises.
  - ✓ Entrepreneurial Motivation, development games and exercises to foster traits such as: creativity, concern for excellence, leadership, problem solving, independent goal setting etc.
