## Minutes of the Meeting of the 8<sup>th</sup> Building Works Committee of CIT, Kokrajhar held at Hotel Atithi, Guwahati on 11/06/2012

The meeting of the 8<sup>th</sup> Building Works Committee of CIT, Kokrajhar was held at Hotel Atithi, Guwahati. The Principal, CIT, Kokrajhar Sri D. S. Pegu chaired the meeting. After threadbare discussion in the meeting the following minutes were created.

1. The Building Works Committee discussed at length the requirement of Infrastructural facilities to be constructed during the 12<sup>th</sup> Plan Period in phase-wise manner. The House decided that the proposal prepared by the Institute needs to be reviewed before placing it before the Honourable Members of the BoG for approval. In this regard, Mr. Ranjib Baruah, Architect Consultant has submitted a fresh proposal for requirement of Infrastructural facility alongwith preliminary estimate during the 12<sup>th</sup> Five Year Plan Period (2012-2017), which is appended at Annexure. The House decided that the proposal may be placed in the Finance Committee (FC) meeting of the BoG for approval. However the House approved the construction of the following works to be taken up by the Institute.
  - a) Boundary wall and internal roads.
  - b) Central Water supply facility.
  - c) Auditorium.
  - d) Boys Hostel.
  - e) Residential Buildings.
2. The Building Works Committee discussed the matter of handing over the completed buildings. The Institute shall need the Certificate of worthiness for taking over and handing over of the completed buildings. In this connection the Architect Consultant is directed to inspect and determine if all items of the original Work Order given to PWD, BTC have been implemented or not and block-wise report to be submitted before handing over to the Institute.
3. BTC has handed over 178 B-1K-2Ls of land to CIT. However, it was informed to the members that the newly acquired land at Balagaon is still not under possession of CIT due to disturbance created by the residents of the area. Therefore the House decided to request BTC for handing over peaceful possession of land to CIT, so that uninterrupted construction activities can be carried out.
4. The House discussed the cost estimate of the Phase – II boundary wall as prepared by the Architect, which is amounting per Rms cost @ Rs. 9203.00/- (Rupees Nine Thousand Two Hundred Three Only). Approx. total length is 2380.00 Rm. The members approved the cost estimate for the boundary wall.
