Subject: EBSB – Pairing of Higher Educational Institutions for exchange of students.

Sir/Madam,

The Ministry of Human Resource Development has selected your institution for pairing with (Name of institution, location, State) institution under Ek Bharat Shreshtha Bharat (EBSB) Programme. As you are aware, EBSB is a programme for promoting national integration through systematic exchange between paired States/UTs in the cultural, literary and linguistic fields. The expectation is that the students of your institution should learn the linguistic and cultural aspects of (....State) covering history, culture, language, cuisine, festivals, clothing etc.

Your institution is expected to select atleast 50 students for exchange with the paired institution and they will travel to the paired institution, in ( .....month). The selection of students should be carried out as per the note given in the **Annexure-I**. It is expected that the visiting students would stay in the campus of the paired institution and their hospitality would be arranged by the paired institution. However, travel arrangements for your students would have to be borne by your institution only.

The visit to the paired institution is expected to be for a period of 5 days. The date-wise suggested programme of action is enclosed at **Annexure-II**. The paired institution may be requested to facilitate the visit in the manner specified.

Every student in the contingent going from your institution may be asked to identify one unique feature of culture of the State in which the paired institution is located, and prepare a report on what they have learned during the visit. This report should be shared with all the other students of your college on the return of your contingent. It is also expected that these learnings along with photos etc. are disseminated through social media accounts, Twitter etc.

For any further details about this exchange programme, you may kindly mail to [ebsbmhrd19@gmail.com](mailto:ebsbmhrd19@gmail.com).

Yours sincerely,

Student Exchange

Every year, at least 50 students of a HEI in one State will travel and spend 10 days in paired Institutions of the paired State. The purpose would be to learn to the language, culture, living styles, festivals, social customs, food habits and such other aspects of the social and cultural affairs of the paired State. The contingent would be led by one or more teachers who will be responsible for proper organization of the visit and also for the safety of the students.

The organization of the student exchange would be done in the following manner:

- a) **Identification of the contingent:-** Students in each institution may be invited to participate in a competition, such as quiz regarding paired State. Such students who have exhibited minimum knowledge and understanding of the paired States should be selected.
- b) **Conduct of the visit:-** The visit will be done in accordance with the dates agreed with the paired institution. Since Indian Railways is expected to give concession for the movement of students under EBSB, it is advised to use the Railways for the movement of the students to the extent possible. The visiting students would be housed in the hostels of the paired institution. Suitable facilities should be provided by the paired institution for this purpose. The contingent will not only interact with the local students, but would also fan out to visit historical sites, villages around the institution and would learn the language of the paired State. They would also learn the dance and customs of the paired State. Each of the learning process should be properly documented through photos, videos, write-ups, etc.
- c) **Preparing reports:-** Each member of the visiting contingents is expected to focus on one aspect of the State which has been visited; and prepare a small write-up along with photographs within 30 days from the date of return from the visit.
- d) **Dissemination:-** The report so prepared would be printed and should be shared using social media account like Facebook and Twitter, duly tagging the social media accounts of the Ministry and EBSB. Apart from above, they will share the findings of the visit with the larger audience in the college.

The cost of the student visit should be locally managed by the institution.
