Subject: Regarding 1 week training program for our graduate students at UTP Malaysia during February 2020 (1st week).

Dear Sir,

It was a great time for CIT Kokrajhar in the last year 2019, signed MoU with UTP Malaysia. As per the signed MOU, the focus on mainly on three aspects which are follows 'Staff training', 'Student short term training' (undergraduate or postgraduate) and 'Research collaboration' in several areas such as Computer Science and Engineering and Instrumentation and Control, etc. The research area can be extended to Water Resources and Green Tech.

Dr. Vijanth (Asso. Prof., Director of Institute of Autonomous system, UTP) informed me that firstly, CIT kokrajhar has to send students for one (1) week training at UTP Malaysia. Later, UTP may send students in the area of Electrical & Electronics Engineering, Computer Science, Information Technology and Civil Engineering and etc.

As per the signed MOU, a batch of UG students for 1-week short attachments in the month of February 2019, and this will be our first activity to be recorded and UTP will be do the best to accommodate CIT students by giving them the best student development and experience in real Malaysian environment.
